TuneFind held a welcome lunch for a new Board member, Mario Araujo.
Present: Mitsuru Kido, Teresa Level, Mario Araujo

The lunch was held for a small welcome party. We introduced each other and enjoyed the lunch together. TuneFind continues to look for more Board members. On our way back from the lunch, Mitsuru told Teresa that all together improvement isn't possible but it must be one by one. When Classic improvement goes on, Contemporary is on a pause, and vice-versa.

Additional Note : To Mr. Ron Lasky, Mitsuru didn't notify this event, since he is usually not able to go out for a long distance such as this. Mitsuru will directly contact with and learn from Mr. Lasky about the history of Hollywood.
